# CELEBRATING DIVERSITY AT PLUMPTON COLLEGE

Celebrating our LGBTQ community

Celebrating our different cultural  
heritages

Celebrating our disabilities, both seen  
and hidden, mental and physical

Celebrating the role of spirituality in  
our lives

Celebrating our different genders and  
living in harmony

Get involved! See your Personal  
Development Coach for more details

It's not too late to get involved in the EDI pillars:

Racism making you rile?

Sick of sexist comments?

Misogyny making you miserable?

Channel that passion positively

We have the pleasure to introduce you  
to our students who would like to be elected to  
represent all students at  
Plumpton College as the new  
Student Union 2024 - 2025

**Meet Freya Hart-Murison who would like to be elected as a Student Union Officer with a focus on Healthy lifestyles.**

**Vote for Freya**

---

**Hello I'm Freya Hart-Murison and I would like to be elected as a Student Union Officer with a focus on healthy lifestyles and healthy living. I would like to raise awareness and help support students to leading healthy lifestyles. I would like to run campaigns about healthy lifestyles including ways of doing exercise, eating well and cutting out bad habits. I really enjoy helping people and keen to support all events and campaigns at Plumpton College.**

**This is my first year at Plumpton college and I am studying L1 Diploma Land-based Studies - Animal Care.**

---

**Vote Luca Taylor**

**For the SU Sports Representative**

Hello, my name is Luca, and I am running to be your new Student Union Sports representative. I was the 14-16 representative

last year at Plumpton, and I would

be delighted to take on the Sports job this year to keep on trying to make a difference for you and the sports sector.

One of my aims is to start a range of new sports clubs and actives. I will also be looking to gain regular feedback from all sports students, on how we can improve their course for them.

I have quite a lot of experience in sport, last summer, I had the honour of captaining GB at the U16s Softball Europeans in the Czech Republic, and so I believe I have a lot of valuable experience to bring to the table.

# Louie for Student Governor

2024/2025!!!

## Why Vote For me?

I first came to Plumpton to enroll on a 14-16 YEAR OLD COURSE in animal management. I enjoyed my experience so much I studied LEVEL 2 AND 3 here as well. Now after a gap year or two (thanks a lot covid!) I'm back as a RESIDENT studying HE animal behaviour and Welfare degree for my FINAL YEAR. So I have a feel for what changes students across campus would like to see and I have the means to achieve them as I'm a great listener and enthusiastic and determined to get things done. I've been STUDENT GOVERNOR for the last two years now and whilst I've achieved lots there is still more I want to do. All of these SKILLS lead me to believe I will be the BEST choice for student governor as I have proved I have successfully represented my peers. Don't believe me? I was the FIRST president of the Plumpton college student union and with the help of my team after hearing feedback from students this year oversaw:

- .Meal deals introduced in the canteen
- .Themed nights at the Topsy Cow
- .A bigger and better PLUMPTON PRIDE
- .Bronze award for Hedgehog conservation

So a vote for me is a PROMISE that your voice will be heard if I become student governor (again).

## Meet Leigha Thomson who would like to be elected as the SU Sustainability Officer

I think I am suitable for this role because I have previously led similar projects such as creating an outside classroom for environmental learning with a pond and other features to encourage the return of wildlife to my school. I have also attended many lectures and seminars such as Monitoring the Impact of Climate Change on Forests using Satellite. I have also completed the Carbon Literacy programme, and have followed sustainability approaches closely due to my previous courses.

Vote for Leigha

At Plumpton I would love to continue to see a litter free campus as we are situated in such a lovely environment, and to continue to make efforts to align with sustainable practices as it is so important for everyone on all courses here. I would love to raise money to support this and present at events to raise awareness. Outside of Plumpton I love to be outdoors, hiking, camping and almost everything in-between, I also love to read, scrapbook and draw. I have previously led sports events and was a lance corporal for my local combined cadet force and completed the National Citizenship Service (NCS) in 2021.

## Meet Kyle Danese who would like to be elected as the Student Union Entertainment Rep

---

My name is Kyle Danese and I would like to be elected as the SU entertainment Rep.

I am in residents and most residents know me,, We pretty much all get along.

---

I believe that everyone should be given the opportunity to socialise and meet each other, have interactions by playing a game or do an activity with other people.

I would like to help set up events/activities such as - monthly pool tournament, chess tournament, indoor football, hike on top of the downs, themed parties, pub quiz, karaoke

This is my second year at Plumpton and I am studying Blacksmith LV3

I am interested in : sports, socialising, partying, travelling, discovering different cultures/backgrounds, going out in Brighton

## Meet Phen Parsons who would like to be elected as our SU Equality, Diversity & Inclusion Officer.

---

Hello my name is Phen I identify as gender non-binary and I am studying floristry at level 3 here at Plumpton college. I enjoy playing games, building model kits, listening to music and helping my friends. I pride myself on being easy to talk to, helping people to solve their problems and cheering them up when they are down. I am putting myself forward as a candidate for the role of The Equality and Diversity officer as I strongly believe that no one should have to hide who they are out of fear of discrimination. I also understand that pride is much more than just rainbow washing everything for 1 month of the year, the LGBTQIA+ community is vast and covers all kinds of people and we don't just disappear outside of the month of June.

Vote for  
Phen

---

**Meet Liuba Manzarkhanova who would like to be elected as our SU Equality, Diversity & Inclusion Officer.**

I am Liubov Manzarkhanova and I'm studying Jewellery Making at Plumpton College. In my free time I enjoy reading, sewing, drawing, or playing the piano. I finished secondary school with the second-highest grades in my year and was active in the school community. I would like to put myself forward to the Equality & Diversity Officer. I think I am suitable for the role because I have experience leading similar campaigns, such as the Equity Campaign which is from the West Sussex Youth Cabinet. It used to be called the Racial Equality Campaign (and at that time I was only Vice-lead) and we ran certain schemes to support individuals who feel unrepresented.

Therefore, I believe I am most suitable for the Equality & Diversity Officer role because I already know what it's like to lead a sensitive but important responsibility, ensuring that every individual's voice is heard and valued. My leadership experience, commitment to inclusive practices, and proven track record in advocating for marginalised communities make me confident that I can contribute significantly as the Equality & Diversity Officer, making a more equitable and inclusive environment for all (students and teachers).

**Meet Chloe Gregory who would like to be elected to be the Student Union President**

Hi, my name is Chloe and I am a Registered Veterinary Nurse. I am now studying the Animal Behaviour and Welfare Bachelors degree, as I have a keen interest in animal behaviour and would love to use these skills in practice. I love to travel and have just recently island hopped Bali and the Komodo Islands. In my spare time I love to go for runs and long walks with my dog.

**Vote for Chloe**

**I am interested in the position of becoming the SU President. I have been at Plumpton for 4 years in total, and I believe that I have seen and heard what people would like changed to make Plumpton an even better place to study. I was Head Girl in secondary school and I frequently help out on open days, so I have the skills to communicate with others to see what changes could be implemented across college.**

Meet Elliot O'Rawe who would like to be elected as a SU Officer

Vote for Elliot

I would like to be vote for the SU Officer role.

This is my 3rd year as a resident at Plumpton College. I live at college from Sunday evening through to Thursday.

I would like to become more involved in college life and am passionate in assisting with positive change, and to be able to encourage students to get involved with activities and events that they may not normally engage in. At college I feel I am a liked, and a sociable person.

I enjoy working on my Family's 6 acres and also regularly assist my elderly neighbour in keeping her garden tidy. On Saturday's I work at my local village butchers.

I am on my 3rd year of Level 3 Agriculture and am looking at future employment at a local vineyard.

We would encourage all students to vote Wednesday 16<sup>th</sup> or Thursday 17<sup>th</sup> October. Students will be able to vote on-line from **09:00 Wednesday until 5pm Thursday.** by clicking on this **link** / QR code

Or by paper vote in the dining room Wednesday & Thursday 12:00 -13:00
